TECHNICAL SKILLS

Languages: *JavaScript, TypeScript, HTML, CSS*

Frameworks: *Angular 2+, SCSS, TailwindCSS, React (Next.js), Express.js*

Developer Tools: *Git (GitHub, GitLab, BitBucket), VSCode, Postman, Swagger, Miro, Figma, ChatGPT4*

Libraries: *RxJS, MaterialUI, HeadlessUI, RTKQuery, Redux, Moment.js, Jasmine, React Test Library*

EXPERIENCE

Company: Exadel   09.2021 – 06.2023
Position: Front-end developer

Company: EPAM   09.2019 – 01.2020
Position: manual QA trainee

Freelance   06.2015 – 03.2016
Position: Front-end developer

PROJECTS

LMS | *React, RTKQuery, Tailwind CSS, Headless UI, ReactTestingLib, REST API, Posman, GitLab*

Description: a web app for tracking and managing employee's growth during assessments, integrated into a corporate platform

Activity: developed UI components, unit-tests, collaborated with a team running Scrum, reviewed code of teammates

PortMoney | *Angular12, HTML, SCSS, MaterialUI, GitHub, REST API*

Description: a web app for tracking and managing employee's bonuses and coins, integrated into a corporate platform

Activity: collaborated with a team running Scrum, developed UI components

SweetieStore | *Angular, HTML, SCSS, REST API, Firebase Cloud, Postman, BitBucket*

Description: a web store app

Activity: developed a full-stack app (application design, routing, interceptors, UI development, backend services – authentication, database, deployment to Firebase Cloud)

ELevel | *Angular, HTML, SCSS, MaterialUI, Postman, Swagger, Figma*

Description: a web app - comprehensive language level test, integrated into corporate platform

Activity: collaborated with a team running Scrum, contributed in application design and interface development, developed UI components/features, integrated front with backend RestAPI

PlaceBook | *Angular, HTML, SCSS, Moment.js, MaterialUI, REST API, Miro, adaptive design*

Description: a system for booking places for remote working employees

Activity: collaborated with a team running Scrum, developed UI components, discovered a valuable library, later on it was accepted by customers for use.

TeamFoot | *Jira, Postman, Swagger*

Activity: performed all types of manual app testing, covered an app with tests

EDUCATION_____

Training "Manual QA Introduction" at **EPAM**
Bachelor in Computer Science at **Grodno State University**

SUMMARY_____

I'm a highly motivated and versatile Front-end developer with 3+ years of commercial experience in developing web applications. Eager to apply proven coding skills and design to create user-friendly and responsive solutions. Skilled in HTML, CSS, JavaScript, TypeScript. Proficient in using Angular, RxJS, MaterialUI and other libraries. Familiar with basics of React stack.

Worked as a Front-end engineer at Exadel on multiple small projects mostly with Angular stack. Started a career working with CSS, HTML, WordPress and then evolved to use frameworks like Angular, React.

Attended Manual QA Testing training course (2019 EPAM certificate).
